

DIG Greenville Update 01/04/2019

Temporary Closure and Detour - Cleveland Park Drive and Swamp Rabbit Trail

Beginning on January 14th, 2019, Cleveland Park Drive will be temporarily closed between Lakehurst Street and Ridgeland Drive to facilitate pipe installation for the DIG Greenville Project.

The Swamp Rabbit Trail (SRT) will also be detoured around the construction site to ensure that maximum safety precautions are taken. The closures are expected to last approximately 60 days, and the SRT and Cleveland Park Drive will re-open as soon as practical following construction activities.

The road closure and SRT detour are shown in the graphic above. Although a portion of the SRT near the Veteran's Memorial will be closed during construction, access to the trail from the Greenville Zoo parking area will be maintained along an alternate route leading to the trail intersection with Woodland Way.

The City of Greenville is working closely with ReWa to minimize the overall impact of the construction work and maintain a safe environment along the Swamp Rabbit Trail. We will keep you updated as the project progresses.

Please contact Stephen O'Connell ([oconnells@bv.com](mailto:connells@bv.com)), construction manager with Black & Veatch, for additional information on the upcoming closure.

Thanks,

Stacey Flax
